

Vantage Systems LLC is a SAM.gov-registered small business positioned to support federal agencies, prime contractors, commercial organizations, and procurement personnel. We solve difficult sourcing, manufacturing, and operational challenges by delivering dependable commercial procurement, rapid polymer prototyping, low-volume component production, and strategic equipment acquisition support. When an organization requires a hard-to-source item, replacement part, or specialized operational workflow, Vantage Systems executes a practical, verified solution.

CORE CAPABILITIES

- Government Procurement & Supply Support**
Direct support for federal micro-purchases, simplified acquisitions, and RFQ fulfillment. Sourcing hardware and commercial items through verified, authorized distributor channels with strict compliance tracking.
- Additive Manufacturing & Rapid Prototyping**
Functional polymer 3D prototyping and agile design iteration. Fast turnarounds from CAD/STL/STEP models or dimensioned drawings for engineering validation prior to production.
- Low-Volume Polymer Component Production**
On-demand manufacturing of noncritical functional components, brackets, spacers, adapters, clips, enclosures, and protective covers without the lead times or tooling costs of traditional molding.
- Hard-to-Source & Obsolete Component Sourcing**
Rapid identification and procurement of discontinued, legacy, or extended-lead-time components for facility sustainment, maintenance operations, and active depot support requirements.
- Fixtures, Tooling & Replacement Parts**
Custom shop-floor fixtures, assembly aids, alignment guides, and component replication coordination for legacy equipment maintenance and facility workflow optimization.
- Industrial Equipment Sourcing**
Strategic acquisition support for specialized machinery, CNC equipment, and manufacturing assets. Facilitating market valuation, buyer/seller research, and coordination with qualified third-party logistics/rigging providers.
- Business Systems & Process Automation**
Practical operational workflows, internal automation, CRM/lead infrastructure, and digital systems architecture tailored for growing service and technical enterprises.

FEDERAL VENDOR INFORMATION

SAM.gov Status:	Active Registered Vendor
Registration Expiration:	July 18, 2027
Unique Entity ID (UEI):	CQ32CME3DDT5
CAGE Code:	21UR0
Business Classification:	SAM.gov-Registered Small Business
Primary NAICS Code:	423430 – Computer & Peripheral Wholesalers
Secondary NAICS:	541512 – Systems Design 541513 – Facilities Management 541519 – Other Computer Related

THE VANTAGE ADVANTAGE

- Direct Founder Accountability:** Work directly with company leadership. No bureaucratic handoffs, sales layers, or delayed communications.
- Agile & Resourceful Execution:** Structured for high responsiveness, rapid RFQ processing, and flexible operational scalability to meet project timelines.
- Requirements-Driven Execution:** Sourcing, prototyping, and component requirements are managed directly to customer specifications and delivery timelines.
- Compliance Focus:** Procurement documentation and project requirements are handled with attention to applicable customer and contracting requirements.

CONTRACTING MECHANISMS

Accepting Government Purchase Cards (P-Cards), Micro-Purchases (<\$10,000), Simplified Acquisitions, Purchase Orders, and Subcontract/Teaming Agreements.
